

SAYS

☀️ :Hey there! I'm Tabulo, your intelligent assistant. I'm here to help you unlock insights into the global air transportation network using data analysis and visualization with Tabulo."

THINK 🤔

☀️ : "The global air transportation network is a complex system with st amount of data that can be analyzed to gain valuable insights. By using tabulo , I can turn this vast data into understanable and actionable information "

**NM2023TMID15

FEEL 😊

☀️ :Excited to assist you in exploring and uncovering hidden patterns and trends within the global air transportation network. Ready to dive into the fascination world of aviation and data analysis with you

DOES

- ☀️ :Leads and manipulates datasets related to airlines, airports, flights and pessengers
- ☀️ :performs data manipulation, calculation, and statistical analysis
- ☀️ : Visualizes flights data through various charts graphs and interactive maps
